

Guidance & Counselling Department

Decision Making Time

It's decision-making time for 1st Year, 3rd Year and Transition Year students at the moment. The various forms have been distributed to the classes and Ms Regan will collect the completed forms on Wednesday 22nd February from the classrooms.

The Guidance Counsellors have distributed important information on subject choice and essential subjects and will be meeting each Transition Year student in the next few weeks to discuss and guide them through their choices.

Students will be advised to:

- Choose a Science subject and a modern language subject
- Choose subjects they need for their chosen career
- Choose subjects that keep their options open for the future by making a balanced choice
- Choose subjects they enjoy
- Choose subjects they are good at
- Talk to their teachers and Guidance Counsellor
- Talk to their parents

Parents are welcome to accompany their daughter to the meeting with the Guidance Counsellor.
